SMOOV

POWER ASSIST FOR ACTIVE WHEELCHAIRS

Live your life – without limits.

Easygoing, every day.

Save your energy with the SMOOV one. With this power assist, everyday challenges like curbs and taking the bus are like child's play.

Goes wherever you go.

The SMOOV one is perfect for on-the-go lifestyles and designed to give you a helping hand whenever you run out of steam.

Travels across all types of terrain.

The SMOOV one is designed to help you handle uneven surfaces and slopes of up to 16%.*

Hands-free to focus on the more beautiful things in life.

With the SMOOV one, you can concentrate on what truly matters on trips, in the office and, in the city.

* varies based on the weight of the user, temperature, and terrain

The SMOOV one is the perfect power assist designed for active wheelchair users. Thanks to its discreet drive and control unit brackets, your wheelchair can still be used manually: simply dock and undock.

With a range of up to 12 miles,* this unique drive unit gets you to your destination in style. You can easily charge the battery from any outlet.

With a maximum speed of 6 miles/h,* the SMOOV is your adaptable everyday companion. You can even drive over curbs and edges thanks to the flexible wheel and the 360° swivel fork.

The SMOOV can take you to places that once seemed beyond reach. It can be relied on to handle some of the most difficult terrains. Even hills and slopes of up to 16%* are no problem with the SMOOV.
